RESEARCH INTEREST

Differential Geometry, Geometric Analysis, Partial Differential Equations.

Rigidity of canonical metrics on four-manifolds ("Einstein" metrics on four-dimensional smooth

PREPRINTS

All preprints are available at my homepage.

6.6 Einstein four-manifolds with three-positive curvatures

8. AMS Eastern Sectional Meeting, September 2012, Rochester Institute of Technology, NY.
7. Geometry Seminar, September 2012, University of Rochester, NY.
6. Geometric Analysis Seminar, September 2012, Cornell University, NY.
5. Analysis Seminar, August 2012, Cornell University, NY.
4. Lehigh University Geometry and Topology Conference, May 2012, Lehigh University, PA.
3. AMS Western Sectional Meeting, October 2011, University of Utah, Salt Lake City, UT.
2. Graduate Student Topology and Geometry Conference, April 2011, Michigan State University, 112nd Geometry Co
